TO Whom It May Concern:

I am the Director of Moon Auto Pte Ltd. I have been using Tianlong Services for the past two months, and I am satisfied with the level of service that they have provided me.

Tianlong Services can be relied upon when drafting your financial statements and doing up your accounts.

My assigned accountant is Desmond. He is always willing to engage in conversations and advise on the appropriate course of action. Desmond is also very responsive and is easily contacted by phone and email.

I would like to ask you to consider Tianlong Services for the tax, accounting and bookkeeping needs of your company. I strongly recommend the services of Tianlong Services and I am continuing to be working with the company on my monthly bookkeeping.

Regards,

Yeo Kim Sung
Director
